About Trader Dealer Online

Trader Dealer Online was acquired in April 2008 and is a majority owned subsidiary of MDS Financial. In an announcement to the ASX in May 2009, MDS Financial stated its intention to take 100% ownership of TDO in the short term.

Trader Dealer Online offers execution-only services for equities, options, warrants and CFDs for the self directed online investor and trader.

The unique Block Rate Trading approach to charging brokerage appeals to professionals and ensures that retail investors and traders are able to trade like professionals without excessive brokerage costs. Retail Brokerage is a flat rate of \$33 including GST for trades up to \$200,000 in value (a trade of \$1 million in value costs only \$253.00, one of the lowest rates in the market today).

Trader Dealer's brokerage fee allows a trade to be split into 12 different price steps in the one direction over a trading session to allow customers to better manage their orders.
